

UTILITY USER TAX (UUT) FAQS

What is the Utility User Tax?

The Utility User Tax (UUT) is authorized under Title IV of the Los Angeles County Code (Code), Chapter 4.62 Utility User Tax. UUT is a usage tax on communication, electric, and gas charges billed to a billing or service address in the unincorporated areas of the County of Los Angeles. On November 4, 2008, voters in the unincorporated areas of the County of Los Angeles approved the UUT. ([Sec. 4.62.060 A Communication user tax](#), [Sec. 4.62. 070 A Electricity user tax](#), [Sec. 4.62.080 A Gas user tax](#))

Who is required to pay the UUT?

All residential and business customers with a billing or service address in the unincorporated areas of the County of Los Angeles are required to pay the UUT. The service supplier (i.e., your gas, telephone, or electric supplier) is responsible for the collection of the UUT and the remittance of the UUT to the Los Angeles County Treasurer and Tax Collector (TTC). ([Sec. 4.62.030 O & P Definitions](#))

How can I determine if my service address is in the unincorporated area of the County of Los Angeles?

As a service user, you can perform your own search at the following website: <https://www.lavote.gov/apps/precinctsmaps>. Under "Precincts Maps Application," use the drop-down menu to select "District Map Look Up by Address." Enter your street address in the fields provided and press "Submit." This will take you to a screen listing a number of possible matches similar to your selection. Click the correct one. The screen will then display a list of precincts for your address. Scroll down to the row entitled "City of" or "Unincorporated." This will indicate whether the street address is in an incorporated city or in an unincorporated area of the County of Los Angeles.

What are the material responsibilities of a service supplier under the UUT?

Service suppliers shall charge and collect UUT from all residential and business customers during the regular billing cycle. Monthly, the service supplier is required to submit the UUT charged and collected along with the required Los Angeles County Utility User Tax Monthly Computation Form to the TTC. ([Sec.4.62.120 A \(1\) \(2\) & B Duty to collect-Procedures](#))

How does a service supplier determine if a service user is subject to UUT?

If you require assistance with your determination process, please contact the TTC, Utility User Tax Unit, at (213) 893-7984, Monday - Friday 8:00 a.m. to 4:00 p.m. Pacific Time, or submit an email to uut@ttc.lacounty.gov.

Is anyone exempt from UUT?

There are two types of exemptions: General and Senior Citizen.

- General - This exemption is granted when a service user has shown that the imposition of this tax would be in violation of a federal or state statute, the Constitution of the United States, or the Constitution of the State of California. In order to qualify, eligible persons must submit a written application ([General Exemption Application Form](#)) to the TTC for approval. A typical example of this type of exemption would be a Federal, State or local government agency. ([Sec. 4.62.040 Constitutional, statutory, and other exemptions](#))
- Senior Citizen - In order to qualify, a person must be head of household, 62 years or older, and receiving Supplemental Security Income (SSI) benefits. Eligible persons must also submit a written application ([Senior Citizen Exemption Application Form](#)) to the TTC for approval. ([Sec. 4.62.050 Senior citizen exemption](#)). For additional information on SSI, please visit the following website: <https://www.ssa.gov/ssi/>.

It is important to note the following:

- The Code does not allow the service user to request an exemption directly from the service supplier, nor does it allow the service supplier to grant an exemption solely at the request of a service user. Rather, the service user must request the exemption from the TTC. If the TTC approves the exemption, it will notify both the service user and the related service supplier(s).
- Both a General and Senior Citizen exemption, when granted by the TTC, normally becomes effective on the beginning of the first billing period which occurs after TTC has notified the service supplier of the exemption. ([Sec. 4.62.050 D Senior citizen exemption](#))
- A service user, who qualifies for a General Exemption, but fails to file an exemption, is not entitled to a refund of the UUT collected and remitted to the TTC prior to the request for General Exemption. ([Sec. 4.62.040 B Constitutional, statutory, and other exemptions](#))
