SUBJECT: **REVIEW OF THE COUNTY TREASURER'S STATEMENTS OF NET POSITION AND AGREED-UPON PROCEDURES FOR THE QUARTER ENDED MARCH 31, 2022**

### **Background**

California Government Code Section 26920 requires quarterly reviews of each county treasurer's Statements of Net Assets (i.e., Statements of Net Position) in the County Treasury.

### **Audit Scope and Objectives**

We contracted with an independent Certified Public Accounting firm, Macias Gini & O'Connell LLP (MGO), to review the County Treasurer and Tax Collector's (TTC) Statements of Net Position for the quarter ended March 31, 2022. MGO conducted the review in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. MGO also performed several agreed-upon procedures, primarily in the areas of cash and investment reconciliations.

### **Review Summary**

MGO's review report (Attachment I) indicates that MGO is not aware of any material modifications that should be made to the Statements of Net Position in order for them to be in accordance with California Government Code Section 26920.

MGO's agreed-upon procedures report (Attachment II) indicates they performed the following procedures:

1. Obtained TTC's bank reconciliations on March 31, 2022, verified that the bank accounts were reconciled to TTC's accounting records, and confirmed TTC's cash held by banks. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
2. Obtained TTC's reconciliations of investments and other safekept securities on March 31, 2022, verified that the investments recorded in TTC's records were reconciled to, and confirmed with TTC's custodial bank, safekeeping agent, and other custodians. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
3. Obtained TTC's reconciliations of cash and investments as of January 31, 2022, February 28, 2022, and March 31, 2022, and verified that cash and investments were reconciled between TTC's records and the Auditor-Controller's records pursuant to Government Code Section 26905. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
4. Agreed the amounts reported on the Statements of Net Position on March 31, 2022 to TTC's records.

MGO's agreed-upon procedures report did not identify any exceptions.

If you have any questions please call me, or your staff may contact Mike Pirolo at [mpirolo@auditor.lacounty.gov](mailto:mpirolo@auditor.lacounty.gov).

### Independent Accountant's Review Report

The Honorable Board of Supervisors of the  
County of Los Angeles, California

We have reviewed the accompanying statements of net position of the Los Angeles County Treasurer and Tax Collector (Treasury), California, as of March 31, 2022, and the related notes to the statements of net position. The Treasury's management is responsible for the preparation and fair presentation of the statements of net position in accordance with California Government Code Section 26920. Our responsibility is to express a conclusion on the statements of net position based on our review.

Our review was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the review to obtain limited assurance about whether any material modifications should be made to the accompanying statements of net position in order for it to be in accordance with the criteria. The procedures performed in a review vary in nature and timing from and are substantially less in extent than, an examination, the objective of which is to obtain reasonable assurance about whether the accompanying statements of net position is in accordance with the criteria, in all material respects, in order to express an opinion. Accordingly, we do not express such an opinion. Because of the limited nature of the engagement, the level of assurance obtained in a review is substantially lower than the assurance that would have been obtained had an examination been performed. We believe that the review evidence obtained is sufficient and appropriate to provide a reasonable basis for our conclusion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements related to the engagement.

As discussed in Note 1 to the statements of net position, the financial statements are prepared on an accrual basis of accounting by the Treasury to comply with the financial reporting provisions of the California Government Code Section 26920 and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Based on our review, we are not aware of any material modifications that should be made to the accompanying statements of net position of the Treasury as of March 31, 2022, in order for it to be in accordance with California Government Code Section 26920.

This report is intended solely for the information and use of the management of the County of Los Angeles and the Board of Supervisors of the County of Los Angeles and is not intended to be and should not be used by anyone other than these specified parties.

LOS ANGELES COUNTY TREASURER AND TAX COLLECTOR

Notes to the Statements of Net Position

March 31, 2022

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Financial Reporting Entity

The Los Angeles County Treasurer and Tax Collector (Treasury) is responsible for billing, tax collection, banking, investment and accountability of public funds. The Treasury maintains three investment portfolios, the External Investment Pool portfolio (the Pool), the Specific Purpose Investment portfolio (SPI) and Other Specific Investments portfolio (OSI) with approximately \$42.17 billion, \$146.82 million and \$301.87 thousand, respectively, in total net position held in trust as of March 31, 2022. The Pool is managed by the Treasury on behalf of the Pool participants that include the County of Los Angeles (County) and other entities that are required by State statutes to participate in the Pool, such as, local school districts, community colleges, and the Superior Courts. Voluntary participants in the Treasury consist of the Sanitation Districts, the Metropolitan Transportation Authority, the South Coast Air Quality Management District, and certain other municipal agencies. The deposits held for these entities are invested in the Pool and SPI portfolios. The assets in OSI are held by the Treasury for a County Department pursuant to Section 1300.76.1, Title 28, California Code of Regulations (State Code).

The State of California allows the County Board of Supervisors (Board) the ability to delegate the investment authority to the Treasury in accordance with Section 53607 of the California Government Code (Government Code). On an annual basis, the Board delegates the investment authority to the Treasury.

The Pool is not registered with the Securities and Exchange Commission (SEC) as an investment company.

Financial Statement Presentation

The accompanying statements of net position are prepared on an accrual basis of accounting by the Treasury to comply with the financial reporting provisions of the Government Code Section 26920, and are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America. Investment transactions are recorded on the trade date and at fair value in accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Deposits and investments held by the Treasury are exposed to risks such as credit risk, concentration of credit risk, custodial credit risk, and interest rate risk. Treasury management has elected to omit risk disclosures required by GASB Statement No. 40, *Deposit and Investment Risk Disclosures - an amendment of GASB Statement No. 3* and the fair value disclosures required by GASB Statement No. 72, *Fair Value Measurement and Application*, since such disclosures are not required by the Government Code Section 26920.

Cash and Deposits

As of March 31, 2022, the Treasury maintained accounts in six banks. The carrying amount of the Treasury's total deposits in financial institutions was \$317.53 million plus \$407.78 thousand in cash in the Treasury's vault.

**LOS ANGELES COUNTY TREASURER AND TAX COLLECTOR**

Notes to the Statements of Net Position (Continued)

March 31, 2022

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Under Government Code Section 53652, each financial institution in California is required to pledge a pool of securities as collateral against all of its public deposits. Government Code Section 53651 and 53652 delineates the types of eligible securities and the required collateral percentage of at least 110%, respectively. However, for the letters of credit issued by the Federal Home Loan Bank of San Francisco with the consent of the Treasury, the Government Code Section 53652 only requests the collateral percentage to be 105%. In addition, under Government Code Section 53653, the Treasury has discretion to waive security for the portion of any deposits insured pursuant to federal law. Through contractual agreement, the Treasury has opted to waive security for the portions of deposits that are federally insured.

The total balance of deposits in financial institutions was covered by federal depository insurance or collateralized with securities monitored by the Local Agency Security Program (LASP) of the California Department of Business Oversight.

Treasury’s Investment Strategy

The Treasury’s investment strategy for the Pool is to ensure the safety of principal, to provide sufficient cash to meet disbursement needs and to achieve a return. The cash flow needs of the Pool participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of participants. The Treasury’s basic investment strategy is to buy and hold, to a designated maturity, high quality fixed income investments.

The SPI portfolio is used to account for the net position of individual investment accounts, in aggregate. The related investment activity occurs separately from the Pool and is provided as a service to Pool participants and external investors. The individual investment strategies are based on the requests from the participants, subject to compliance with the Government Code and County’s investment policy.

The OSI portfolio is used to account for the assets placed with the Treasury pursuant to State Code. The investment activity occurs separately from the Treasury’s Pool and the related investment strategies are governed by State Code.

The investments in the accompanying statements of net position are reported at fair value. The table below summarizes the investments stated at fair value and cost for the Pool as of March 31, 2022:

<u>Pool</u>	<u>Fair Value</u>	<u>Cost</u>
Commercial Paper	\$ 12,115,011,154	\$ 12,117,409,314
Corporate and Deposit Notes	10,508,960	10,990,338
Los Angeles County Securities	5,000,000	5,000,000

Independent Accountant's Report  
on Applying Agreed Upon Procedures

March 31, 2022

Certified  
Public  
Accountants

## Independent Accountant's Report on Applying Agreed-Upon Procedures

The Honorable Board of Supervisors of the  
County of Los Angeles, California

We have performed the procedures enumerated below on the review of the statements of net position (Statements) of the Los Angeles County Treasurer and Tax Collector (Treasurer) for the quarter ended March 31, 2022. The Treasury is responsible for the Statements.

The Los Angeles County Auditor-Controller (Auditor-Controller) and the Treasury have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting the Auditor-Controller and Treasury with the requirements of California Government Code Section 26920 for review of the Statements as of March 31, 2022. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and the associated findings are as follows:

1. Obtained Treasury's bank reconciliations at March 31, 2022, verified that the bank accounts were reconciled to the Treasury's accounting records, and confirmed Treasury's cash held by banks. Tested the mathematical accuracy of the reconciliations and traced reconciling items of \$500,000 and greater to supporting documents, including bank statements subsequent to March 31, 2022.

**Finding:** No exceptions were noted as a result of applying this procedure.

2. Obtained Treasury's reconciliations of investments and other safe kept securities at March 31, 2022, verified that the investments recorded in Treasury's records were reconciled to, and confirmed with, Treasury's custodial bank, safekeeping agent, and other custodians as of March 31, 2022. Tested the mathematical accuracy of the reconciliations and traced reconciling items of \$500,000 and greater to supporting documents.

Supporting documentation was defined as follows:

- For the External Investment Pool and Other Specific Investment portfolios, we reconciled Treasury's records to Treasury's custodial bank statements as of March 31, 2022.
- For the Specific Purpose Investment portfolio, we reconciled the Treasury's records to the Treasury's custodial bank as of March 31, 2022, for the investments safe kept by the custodial bank. Investments that are not safe kept by the custodial bank were traced and agreed to supporting documents including LAIF statements as of March 31, 2022, LAC-CAL Bond Anticipation Notes Board Resolution and Rancho Palos Verdes Redevelopment Agency Project Area No. 1 Tax Allocation Bond issuance document of 1997.

**Finding:** No exceptions were noted as a result of applying this procedure.

3. Obtained Treasury's reconciliations of cash and investments as of January 31, 2022, February 28, 2022, and March 31, 2022, and verified that cash and investments were reconciled between Treasury's records and the Auditor-Controller's records pursuant to Government Code Section 26905. Tested the mathematical accuracy of the reconciliations and traced reconciling items of \$500,000 or greater to supporting documents, including deposit permits and journal vouchers generated from the County's general ledger system, concentration banks' daily activity reports, bank statement details, and daily cash reports generated by the Cashier's Office.

**Finding:** No exceptions were noted as a result of applying this procedure.

4. Agreed amounts reported on the Statements at March 31, 2022, to the records of the Treasury.

**Finding:** No exceptions were noted as a result of applying this procedure.

We were engaged by the Auditor-Controller to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the Statements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Treasury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to the agreed-upon procedures engagement.

This report is intended solely for the information and use of the Auditor-Controller and Treasurer of the County of Los Angeles and the Board of Supervisors of the County of Los Angeles and is not intended to be, and should not be, used by anyone other than those specified parties.
